About Me

Network and IT Security Engineer (ENIAD, 2026) specialized in **Defensive Cybersecurity** (SOC / Blue Team) and **AI-driven security operations**. Hands-on with **SIEM, SOAR**, intrusion detection, log analysis, and incident response (**Wazuh, ELK, Suricata, TheHive, MISP**), and **multi-agent LLM** systems for intelligent triage and enrichment. **MACC 2026 national CTF champion** (DGSSI); certified **Fortinet NSE 1/3** and **Cisco CCNA**. Open to **full-time cybersecurity roles**.

Achievements

MACC 2026 CTF — National Champions (1st Place) DGSSI, 2026
National Cybersecurity Capture-The-Flag organized by Morocco's national cybersecurity authority (DGSSI), across offensive and defensive challenges.

AIAC CTF — 3rd Place 2026

Professional Experience

Cybersecurity Analyst — Black Box Solutions, Casablanca Feb. 2026 – Present
Building **AISOC**, an **AI-driven SOC platform** automating alert triage, investigation, and incident response.
Multi-agent “Hub-and-Swarm” orchestration (LangGraph) dispatching specialized investigator agents across Triage, Investigation, and Composition.
Wazuh ingestion with real-time **Socket.IO** streaming, automated **MITRE ATT&CK** mapping, remediation, ticketing, and reporting; **React/Express/PostgreSQL, pgvector** memory, **OpenRouter+Ollama** LLMs.

End-of-Year Internship — EVERNEX Morocco, Casablanca Jul. – Aug. 2025
Technical support level 1 and 2, **diagnostics** and **incident resolution**.
On-site interventions on critical equipment in client **Data Centers (HPE, Dell, EMC²)**.
Design and virtual deployment of a **Data Center infrastructure** solution; **Low Level Design (LLD)** and network simulation via **EVE-NG**.

Projects

RAG-Powered RCA Decision-Support Platform 2026
Multi-agent AI platform (**LangGraph**, 6 agents) accelerating **Root Cause Analysis** — fully local (**Mistral 7B + Ollama**), **RAG** over historical cases via **ChromaDB** (80%+ accuracy), **FastAPI / React**.

SOC / SIEM, SOAR & AI — ENIAD Lab 2025
Automated SOC on **Dell EMC² / VMware ESXi**: **Wazuh** (detection), **TheHive** (IR), **Cortex & MISP** (enrichment); **LLM-based alert triage (Gemini API)**, **SOAR** automation via **Shuffle**.

SIEM Detection Lab (ELK + Suricata + Zeek) 2025
SIEM environment on **Ubuntu**, real-time traffic analysis with **Suricata & Zeek**, centralized via **Filebeat, Elasticsearch**, and **Kibana (Docker)**.

Technical Skills

SOC & Blue Team	Wazuh, ELK Stack (Elasticsearch, Logstash, Kibana), Suricata, Zeek, TheHive, Cortex, MISP, MITRE ATT&CK, Incident Response
AI Security, SOAR & Automation	LangGraph, LangChain, Multi-Agent Systems, RAG, Ollama, OpenRouter, ChromaDB, pgvector, Prompt Engineering, Gemini API, Mistral 7B, STRIX Agent, Shuffle, n8n
Cloud & Virtualization	Microsoft Azure, DigitalOcean, VMware ESXi, Proxmox VE, Docker, Docker Compose
Network Security	TCP/IP, VLANs, VPNs, firewall rules, IDS/IPS, SDN security
Networks & Infrastructure	FortiGate, FortiSwitch, Cisco switching & routing, Dell EMC ² and HPE servers
Offensive Security	Nmap, Wireshark, Nessus, OpenVAS, Burp Suite, Metasploit, Hydra, Hashcat, John the Ripper, FFUF, Gobuster, Nikto, Bettercap
Dev, Data & ML	Python, Bash, PowerShell, TypeScript, JavaScript, Java, React, FastAPI, SQL, PostgreSQL, Git/GitHub, Pandas, NumPy, Scikit-learn, TensorFlow / Keras

Education

Engineer's Degree — Network and IT Security Engineering
ENIAD – Berkane 2023 – 2026

DEUST in Mathematics, Computer Science, and Physics (MIP)
FST – Faculty of Sciences and Technology, Al Hoceima 2021 – 2023

High School Diploma in Physical Sciences
Lycée Taha Houssein 2020 – 2021

Certifications

Fortinet NSE 1 Dec. 2025	Fortinet NSE 3 Dec. 2025	Cisco CCNA 2026	Fortinet NSE 2 In progress
------------------------------------	------------------------------------	---------------------------	--------------------------------------

Extra-Curricular Activities

Trainer @ ENIAD Berkane — designed and led workshops on **Git & GitHub** and **Linux / Bash** (CLI, scripting), with hands-on collaborative and CTF exercises.

Languages

French Advanced	English Advanced	Arabic Native
